CRUST	The crust is perfection. Flaky, evenly baked, and has a crispness to it that is not burnt.	The crust is so close to perfection, but there is just one or two things that are not quite hitting.	The crust is a mess, yet it is doing its job of holding this tart together... or is it?	The crust has seen better days. Probably on a recipe card.
FILLING	Perfect mouthfeel. Everything about this tart feels right.	Texture is definitely reminiscent of a tart. But neither good nor bad.	This tart has a threatening aura. Why is this filling like this?	Tart feels wrong. Is it a tart or is it a cake or worse, soup adjacent?
APPEARANCE	Gorgeous. The belle of the dessert table. September Vogue worthy.	This tart is pretty, but it could be better with a little zhuzhing.	Well it definitely looks like a tart, but it's not the most attractive tart.	This tart doesn't even look like something a mother could love to be honest.
ORIGINALITY	This tart has it all and yet, it is unique in a way that we haven't seen in our time.	The tart is average, lacks rizz. May never be noticed by the more popular tarts.	This tart is the definition of basic, can you share the TikTok that you stole this recipe from?	Give us the receipt for where you bought this from and you and the tart can walk away unscathed.
